DOE Comments on the Operable Unit No. 9 Phase I RFI/RI Work Plan Meeting Minutes for December 18, 1991

J. M. Kersh, Associate General Manager
Environmental Restoration and Waste Management
EG&G Rocky Flats, Inc.

This memorandum is in response to a January 23, 1992, EG&G letter (92-RF-0652) transmitting meeting minutes from a December 18, 1991, meeting regarding the Operable Unit No. 9 Phase I RFI/RI Work Plan. DOE has reviewed the notes and has the following comments:

LOCATION

COMMENT

2nd bullet under "topics discussed"

DOE stated that we wish to remove EEWPs from plantsite OU work plans altogether. As written, it is indicated that DOE wishes to re-evaluate the need for performing EEs at the RFP. This is not true and is in conflict with the NCP. Revise to indicate that DOE questions the performance of EEs in industrial areas at the RFP.

2 bullet under "action items"

See previous comment. Revise notes accordingly.

The revised meeting minutes should be submitted to DOE/RFO/ERD by February 28, 1992.

Questions should be directed to Bruce Thatcher of my staff at extension 3532.

David P. Simonson
David P. Simonson
Assistant Manager
for Environmental Management
